TO THE TRADE

In presenting this price list, we wish to say that in connection with our already large stock of ornamentals, shrubs and evergreens, we have added the Largest Rock and Cacti Collection in the Country, all of which are becoming very popular in Rock Gardens, Lilly Ponds and Cacti Beds in giving Natural effects and go to make up a complete Landscape Job.

As our Nursery is just two miles out from Waco on the Mexia or Springfield road (a Paved Highway) we do not have a city sales yard, and that extra overhead expense, and believe when you look over our price list you will readily see that for your short drive you will have a substantial saving on our cash and carry plan; or we are fully prepared to make deliveries, Landscape, plant, care for and guarantee the largest or smallest job for a specified time at a small additional cost.

I keenly appreciate your patronage and good will upon which this business has been built, and for which I value more than monetary rewards and solicit your further patronage and friendship.
